The 2024 Summer Boat Cruise for EHS Professionals is another sell-out, with a big afternoon planned for Wednesday, July 31. This year a group of 100 area professionals and cruise sponsors will be "Going Country" on Lake Minnetonka. This event is a collaboration between the ASSP Northwest Chapter, the Upper Midwest Section of AIHA, the North Star Chapter of AHMP, and the Minnesota Safety Council.

place. There are also plans in the works for Northwest Chapter to have an informal Meet-Up on that same day - Wednesday, August 7. This event is expected to take place at the end of the conference day across the street from the Convention Center at a venue in the Hyatt Regency Hotel. Come over immediately after the last session of the day, and meet up with fellow Chapter members. We can gather and still have time for the evening activities. For those registered for Safety 2024, look for an email with details on this event.

2024-2025 Chapter Year Meeting Lineup

It'll be a great line up...

As I write this the Minnesota Twins have some work to do, but my favorite team, the Milwaukee Brewers, have a winning line up putting them top in their division. As your president-elect, it is my job to put together a winning lineup in terms of chapter meetings for the coming year (September through May).

Our chapter meetings will be held on the second Tuesday of the month. Generally, registration, lunch and networking will start at 11:30, program at 11:45 and speaker from noon to 1 pm. All meetings will be offered with in-person or virtual options.

We're trying something different this year and holding our October meeting in Fargo. Since the Northwest Chapter covers western Wisconsin, Minnesota, North Dakota and South Dakota, we want to hold at least one meeting in a more central location of the area we cover. We're hoping for a great turn out in Fargo.

Mark your calendars for what we have scheduled (subject to possible change).
