## **ASSP Region V - Vice President Special Election voting open until June 24, 2021**

Voting in the ASSP Region V Vice President special election has begun. All members in the Region V are invited to participate in this voting process. Voting opened June 4, 2021 and will continue through June 24, 2021.

The candidates' bio and platform statement are available at the Ballot Link. Please take a minute to cast your vote.

You can access the online ballot at the link below, view candidates' bio and platform statements but you will need your Election-Ballot Voter ID to complete your vote.

**Ballot Link:** <https://survey.alchemer.com/s3/6352870/Region-V-Vice-President-Special-Election>

If you have any questions, please contact [elections@assp.org](mailto:elections@assp.org).

Thank you for your participation in this election.

## **Northwest Chapter Member Awarded 2021 ASSP Foundation Grant**

Join us in congratulating Brad Kramer, the winner 2021 ASSP Foundation CPS Professional Development Grant.

Brad is the President of Provenio Consulting, Inc. and a member of the Northwest Chapter of ASSP. He plans to use the grant to prepare for the ASP certification test. You can reach Brad at [brad@provenioconsulting.com](mailto:brad@provenioconsulting.com) or connect with him on LinkedIn.

Congratulations!

---

## The Dan Hannan Sr., Memorial EHS Scholarship 2021

Thank you for supporting this years Dan Hannan Sr. EHS Memorial Scholarship. This years recipient is Mary Eickemeyer. Mary is currently enrolled in the East Carolina University Occupational Safety program, pursuing an MS. She resides in Rochester, MN and is completing her degree on line. She is currently employed as a safety coordinator for a small non-profit organization.

Her application submission was well written and communicated her passion for safety. Please join me in congratulating Mary as this years recipient of the \$1,000 scholarship!

## NEWS & RESOURCES

Risk assessment can be broken down into a four-step process. Step one is to **gather data** which allows you to develop an understanding of the hazards and risks that exist within your facility and how they affect worker safety. There are four key components of collecting and using information for your risk assessment.
